# **1 QUICK SETUP**

This guide describes the quick installation procedure of Novalnet payment app with your shop system and to start accepting payments worldwide. For this integration, a Novalnet merchant account is needed to accept Novalnet payments, so please make sure that you have received your merchant account details from our sales team. If not, drop a mail to <u>sales@novalnet.de</u>

This Novalnet payment app version (2.2.0) supports the following versions of Shopware 6:

To get started:

- 1. Log in to the Novalnet Admin Portal with your merchant account details (user credentials).
- 2. Log in to your Shopware 6 shop system.
- 3. Make sure that you have extracted the payment app package from the zip file you have received. If you have received only the installation guide without the payment app package (zip file), please send us a mail to <u>technic@novalnet.de</u> with your merchant ID.

## 1.1 App Installation

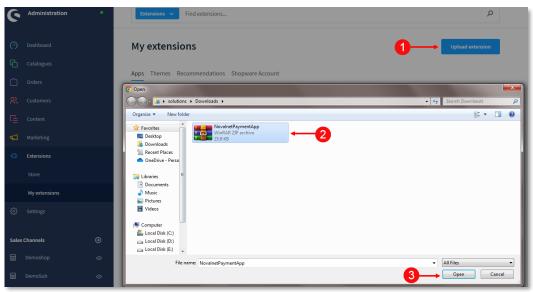

To install the Novalnet payment app, please go to your shop admin panel and follow the bellow steps,

**Step 1:** Navigate to **Extensions**  $\rightarrow$  **My extensions** in your shop admin panel as shown below.

**Step 2:** Click **Upload extension** and choose the **NovalnetPaymentApp.zip** file that is included in the Novalnet Shopware app package.

NOVALNET AG Payment Institution Gutenbergstr. 7 D-85748 Garching Tel.: +49 89 9230683-19 Fax: +49 89 9230683-11 E-Mail: <u>technic@novalnet.de</u> Tax id: DE254954139

**Step 3:** Once uploaded, the **Novalnet Payment App** will be shown under **Extensions**  $\rightarrow$  **My extensions** menu as shown below.

6	Administration •	Extensions V Find extensions	Q	?
Ø	Dashboard	My extensions	Upload extension

## 1.2 API Configuration in the Shopware shop system

The main configuration occurs in your Shopware 6 shop system as well as in the Novalnet Admin Portal.

In your Shopware 6 shop admin panel navigate to **Extensions**  $\rightarrow$  **My extensions**  $\rightarrow$  **Novalnet Payment App**  $\rightarrow$  **Configure** as shown below.

6	Administration •	Extensions V Find extensions $\rho$ 🤉 $\mathcal{L}$

ф Ф	Extensions Settings	Configure See permissions Uninstall

#### Figure 5

Next step, you will be forwarded to the Novalnet API Configuration page as shown below to enter the following keys:

- **() Product activation key** a unique token for merchant authentication and payment processing.
- Payment access key a secret key assigned to each merchant which encrypts the data to avoid user manipulation and fraud.
- **()** Tariff ID a unique identifier created based on the tariff type at Novalnet.

- Based on the shop languages, you must configure the above mentioned code for Email templates.

## **2 TESTING AND GOING LIVE**

Execute test transactions by navigating to <u>Novalnet Admin Portal</u>  $\rightarrow$  **Projects**  $\rightarrow$  {choose your project}  $\rightarrow$  **Payment plugin configuration** select the preferred payment methods and enable the **Test mode**. In the test mode the transaction amount will not be charged by Novalnet.

Test mode

#### Figure 28

Refer below URL for the Novalnet test payment data for testing <u>https://developer.novalnet.com/testing/</u>

## **Execute orders in LIVE MODE**

To proceed with **LIVE** orders, don't forget to uncheck/disable the **Enable test mode** option in the individual payment configuration page.

## **3 ADDITIONAL CONFIGURATION IN NOVALNET ADMIN PORTAL**

## 3.1 Additional configuration for all the payment methods

For additional payment configuration settings for each payment methods, navigate to <u>Novalnet Admin</u> <u>Portal</u>  $\rightarrow$  **Projects**  $\rightarrow$  {choose your project}  $\rightarrow$  **Payment plugin configuration** in the top right corner. Then, choose the payment methods and configure the required additional payment settings as shown below.

## Payment due date (in days)

**Payment due date (in days)** refers to the duration (number of days) given for buyer to complete the payment. The payment process and duration may differ for each payment method.

- This option is available only for the following payment methods:

Direct Debit SEPA, Payment by Invoice, Prepayment and Barzahlen/viacash.

Payment due date in Days

#### Figure 29

- For *Direct Debit SEPA*, enter the number of days after which the payment is debited (must be between 2 and 14 days).
- For Payment by Invoice, enter the number of days given to the buyer to transfer the amount to Novalnet (must be greater than 7 days). If this field is left blank, 14 days will be set by default.
- () For **Prepayment**, enter the number of days given to the buyer to transfer the amount to Novalnet (must be greater than 7 days). If this field is left blank, 14 days will be set by default.
- () For *Barzhalen/viacash*, enter the number of days given to the buyer to pay at a store near by. If this field is left blank, 14 days will be set by default for slip expiry.

## Payment Action (Debit immediately / Reserve funds for later / Authorize with zero amount)

You can choose between two options - **Capture** and **Authorize** which are explained below.

*This options is available only for the following payment methods:* 

*Credit Card, Direct Debit SEPA, Direct debit SEPA with payment guarantee, Instalment by SEPA direct debit, Payment by Invoice, Invoice with payment guarantee, Instalment by invoice, PayPal, Googlepay and Applepay.* 

() Capture - This is the default setting where transactions are directly confirmed, and funds are automatically transferred from buyer's account to the merchant account. This can be changed as per your business requirement.

Payment Action	Capture	~
		_

## Figure 30

(1) Authorize - Payment details are verified while the funds are reserved, which will be captured later. Please note for card payments, if you fail to execute a capture within 14 days the reservation on the card will automatically expire!

Payment Action	Authorize	~

Figure 31

NOVALNET AG Payment Institution Gutenbergstr. 7 D-85748 Garching Tel.: +49 89 9230683-19 Fax: +49 89 9230683-11 E-Mail: <u>technic@novalnet.de</u> Tax id: DE254954139

#### () Minimum transaction amount for authorization

Transactions above this amount will be "**authorized**" only and captured later. Leave the field blank to authorize all transactions.

Minimum transaction amount for authorization

#### Figure 32

#### () Authorize with zero amount

This option is available only for the Credit Card, Direct Debit SEPA, Direct Debit ACH, Googlepay

#### and Applepay.

If the purchase order succeeds, a transaction with the amount 0 is executed. This gives you the advantage of deducting the amount in advance from the buyer (Example: if certain goods have yet to be manufactured or not in stock).

For the desired payment type, select Authorize with zero amount and click Save.

Payment action	Authorize with zero amount 🔻

## Instalment payment configuration

When the basic requirements are met, Novalnet offers you the option to process payments as instalment payments. For more information about Novalnet's instalment payments,

Please visit: <u>https://developer.novalnet.com/onlinepayments/aboutinstalment#basic-requirements</u>

This option is available only for the following payment methods:

Instalment by SEPA direct debit and Instalment by Invoice.

#### **Instalment cycles**

Instalment cycle refers to the pre-defined period for partial payments that allow the buyer to pay their full order amount in parts. The intervals or cycles vary based on shop admin configuration.

*This option is available only for the following payment methods:* 

#### Instalment by SEPA direct debit and Instalment by Invoice.

Define which installment cycles you wish to offer in your shop (e.g. 2 Cycle, 3 Cycle, 4 Cycle, 5 Cycle, 6 Cycle, 7 Cycle, 8 Cycle, 9 Cycle, 10 Cycle, 11 Cycle, 12 Cycle, 15 Cycle, 18 Cycle, 21 Cycle, 24 Cycle, 36 Cycle etc.,) and click **Save**. The buyer can then choose among these instalment cycles, if they wish to pay in instalments.
